

I would love to be able to listen to K-Love, in our neighborhood. I'm originally from Greater Cincinnati, OH. and have sought out to hear them in W. Lafayette, Indiana. They are an excellent inspiration to the community. Replacing K-Love, would devastate many local listeners in the Southern Indiana Region. We need K-Love, when I travel, as soon as I can get the station to come in, this is the station of high priority. Providing peace and comfort. This I state knowing for fact.
